

The OUIHP enters into a contractual arrangement with KAT Communications

Category: News

written by NCUIH | October 5, 2016

The OUIHP has entered into a contractual arrangement with KAT Communications to provide with meaningful health information that is culturally reflective and community connected through the GoodHealth TV health and wellness education network created specifically to address health issues that appeal to Native Americans audiences. This arrangement includes the necessary equipment, a 30-second health program production service, and a 2-year subscription to GoodHealth TV. KAT Communications will provide an overview during our November 2nd CEO/ED webinar.
