

Senate Introduces Bill Authorizing Special Behavioral Health Program for Indians after NCUIH Efforts

Category: Policy Blog

written by NCUIH | June 30, 2021

Sen. Tina Smith introduces bill to amend the IHCI to authorize special behavioral health programs for Indians, including urban AI/AN persons and the UIOs that serve them. This revision of the IHCI helps Congress to fulfill its trust obligations to AI/AN populations while Urban Indians continue to disproportionately suffer from behavioral health issues at a rate much higher than the general population.
