written by NCUIH | September 14, 2021

The mark up is the Committee's portion of the Build Back Better Act

Washington, D.C. -The Energy and Commerce Committee, led by Chairman Frank Pallone, Jr. (NJ-06), met on September 13 -14 to mark up their portion of the Build Back America Act. Bills for committee markup included issues tackling the affordability of healthcare and prescription drug costs, closing the Medicaid gap, expansion of services for seniors and those with disabilities and critical investments in public health and preparedness following the breakdowns during the COVID-19 pandemic.

"The Build Back Better Act is transformational legislation that invests in the American people, responds to the challenges of our time, and builds back a better future for generations to come" said Chairman Frank Pallone, Jr. (NJ-06).

Bill Mark Up Summary

- Subtitle E: [Budget Reconciliation Legislative Recommendations Relating to Drug Pricing](#)

[“Comprehensive Plan for Addressing High Drug Prices: A Report in Response to the Executive Order on Competition in the American Economy”](#) -released by Health and Human Services Secretary Xavier Becerra

Key Components

- Makes drug prices more affordable and equitable for all consumers and throughout the health care system-support drug price negotiation with manufacturers and stop unreasonable price increases to ensure access to drugs that can improve health for all Americans
- Improves and promotes competition throughout the prescription drug industry - Support market changes that strengthen supply chains, promote biosimilars and generics, and increase transparency
- Fosters scientific innovation to promote better health care and improve health - Support public and private research and make sure that market incentives promote discovery of valuable and accessible new treatments, not market gaming

- **Subtitle F:** [Budget Reconciliation Legislative Recommendations Relating to Affordable Health Care Coverage](#)

Key Component:

- Ensures affordability of coverage for certain low-income populations by expanding the Affordable Care Act (ACA) premium tax credits to below 100% of the federal poverty level in 2022 through 2024 and reduce cost sharing for these individuals as well.

- **Subtitle G:** [Budget Reconciliation Legislative Recommendations Relating to Medicaid](#)

Key Component:

- Establishes a federal Medicaid program by 2025 in states that have not yet expanded their

programs under the ACA.

- **Subtitle H:** [Budget Reconciliation Legislative Recommendations Relating to CHIP](#)

Key Component:

- Permanently extends the Children’s Health Insurance Program (CHIP); require continuous twelve-month coverage for children in Medicaid and CHIP; and make permanent one full year of postpartum Medicaid coverage for pregnant women.

- **Subtitle I:**[Budget Reconciliation Legislative Recommendations Relating to Medicare](#)

Key Components:

- Energy and Commerce text includes provisions analogous to [the House Ways and Means Committee with](#) addition of dental, hearing and vision benefits to Medicare.
- \$190 billion proposal for investment in home and community-based services (HCBS).

Next Steps

[Markups are scheduled to be completed next week.](#) Members will then begin to package them into one bill for consideration in the House. Timing of that vote is uncertain, but the target is to complete this by the September 27 agreed upon date to consider it in tandem with the bipartisan infrastructure package.[\[1\]](#)
