

# [NCUIH to Testify before the House Natural Resources Subcommittee on Indian and Insular Affairs](#)

Category: Policy Blog

written by NCUIH | March 28, 2023

A promotional graphic for a hearing. It features a portrait of Maureen Rosette on the left. To the right, the word "HEARING" is written in large, bold, white capital letters, followed by a decorative leaf-like graphic. Below this, the text "Subcommittee on Indian and Insular Affairs: Challenges and Opportunities for Improving Healthcare Delivery in Tribal Communities" is written in a smaller white font. At the bottom left, the text "Witness: Maureen Rosette (Chippewa Cree Nation), NCUIH Board Member and Chief Operations Officer of the NATIVE Project" is displayed in white. Below this, the date and time "March 29, 2023 10:00 a.m. EST" are shown in a larger, bold white font. At the bottom left, the NCUIH logo is visible, which includes a circular emblem and the text "NATIONAL COUNCIL of URBAN INDIAN HEALTH". The background of the graphic is a dark teal color with a faint, stylized illustration of the U.S. Capitol dome on the right side.

Subcommittee on Indian and Insular Affairs:  
Challenges and Opportunities for Improving  
Healthcare Delivery in Tribal Communities

**Witness:**  
**Maureen Rosette (Chippewa Cree Nation), NCUIH Board Member  
and Chief Operations Officer of the NATIVE Project**  
**March 29, 2023 10:00 a.m. EST**

 **NATIONAL COUNCIL of  
URBAN INDIAN HEALTH**

On Wednesday, March 29 at 10:00 a.m. EDT, NCUIH Board Member and Chief Operations Officer of the NATIVE Project, Maureen Rosette (Chippewa Cree Nation), will be testifying before the House Natural Resources Subcommittee on Indian and Insular Affairs oversight hearing titled “Challenges and Opportunities for Improving Healthcare Delivery in Tribal Communities.” During the hearing, NCUIH will advocate for stable and reliable funding for IHS by maintaining advance appropriations to improve healthcare delivery to American Indians and Alaska Natives, while also highlighting the important work UIOs are doing to provide care to their communities.

**Tune In!**
