

August Policy Updates: Budget Updates, UIO Focus Groups, & Important RFIs

Category: Policy Blog

written by NCUIH | August 24, 2023

Welcome to the August edition of our monthly policy newsletter, delivering the latest updates and insights on key developments.

Budget Update:

Line Item	FY23 Enacted	FY24 TFWG Request	FY24 President's Budget	FY24 House Proposed	FY25 Senate Proposed
Urban Indian Health	\$90.4 million	\$973 million	\$115 million	\$115 million	\$92.4 million
Indian Health Service	\$6.9 billion	\$51 billion	\$9.7 billion	\$7 billion	\$7.2 billion
Advance Appropriations	\$5.1 billion	-----	\$5.1 billion	\$5.8 billion	\$5.2 billion

House Status:

- The House Appropriations Committee [advanced](#) the Interior Appropriations bill on July 18.

Go deeper: [House IHS Funding Bill Passes out of Committee with Advance Appropriations and Modest Increase for the Indian Health Service](#)

Senate Status:

- On July 27, 2023, the Senate Appropriations Committee [passed](#) their bill out of committee with a vote of 28-0 and will advance to the Senate floor for initial passage.
- Similar to the House Bill, the Senate IHS Funding Bill also included Advance Appropriations and a modest increase for the Indian Health Service.**
- Establishment of UIO Interagency Workgroup:** The bill also includes direction for IHS to establish a UIO Interagency Workgroup with the IHS, Department of Health and Human Services, Department of Housing and Urban Development, Department of Agriculture, Department of Justice, Department of Education, Department of Veteran Affairs, Department of Labor, the Small Business Administration, the Economic Development Agency, FEMA, the U.S. Conference of Mayors, and others as identified by UIOs.

Next Steps:

- With the government funding deadline of September 30 rapidly approaching, Congressional leaders are negotiating a continuing resolution to fund the government at the current level until December.
- A continuing resolution will give Senate and House leadership time to negotiate a final bill that

can pass in both chambers.

Important Requests for Information from UIO Leaders

We need input from Urban Indian leaders to help shape our advocacy and comments to federal agencies on policies affecting UIOs and American Indians/Alaska Natives living in urban areas.

Please email policy@ncuih.org with information on the following:

DOI - Strengthening ICWA

- Does your UIO work with State courts or child welfare agencies on child welfare or if not, would you like to?
- Does your UIO work with Tribes on child welfare or if not, would you like to?
- How can we improve the implementation of ICWA for Native children in urban areas?

DOJ - Medical/Legal Partnerships

NCUIH recently met with the DOJ Office for Access to Justice (ATJ). ATJ is looking to support increased access to legal assistance for urban Native communities.

- Do any UIOs have successful medical-legal partnerships?

IHS - Medicaid fraud schemes targeting American Indians and Alaska Natives

IHS Director Tso wrote a [letter](#) to Tribal and UIO leaders regarding fraudulent billing activities of registered behavioral health providers, and it appears to now be affecting programs in the Billings Area.

- Have any of your organizations been impacted by fraudulent residential treatment practices exploiting vulnerable Native communities?

Medicaid Unwinding

- How is unwinding proceeding in your state?

- Do you have any data regarding AI/AN disenrollment?

NCUIH Requests Urban Indian Inclusion in MMIP and Human Tracking Initiatives

Secretary Deb Haaland and Deputy Attorney General Lisa Monaco hosted the first in-person plenary session of the Not Invisible Act Commission at the U.S. Department of the Interior in Washington, D.C. in February 2023.

On August 10, NCUIH submitted comments to the Department of Interior's (DOI) Not Invisible Act Commission regarding the Missing and Murdered Indigenous People (MMIP) and human trafficking (HT) crises to ensure that urban Native communities are considered.

The bottom line: NCUIH recommended that the Commission ensure that resources are available to combat MMIP, HT, and violent crime against American Indians and Alaska Natives in urban areas.

Why it matters: The federal government must ensure that it properly tracks and reports data on instances of missing persons, murder, and human trafficking of American Indians and Alaska Natives in urban areas.

Legislative Updates: Native American Child Protection Act Advances in House, Advance Appropriations Legislation

Introduced

In June, the [Native American Child Protection Act](#) (H.R. 663/S.2273) was passed by unanimous consent out of Natural Resources. The bipartisan legislation amends the Child Protection and Family Violence Prevention Act to include UIOs in the Indian Child Abuse Treatment Grant Program and permits UIOs to sit on the National Indian Child Resource and Family Services Advisory Board.

On July 24, the House and Senate [introduced](#) the *Indian Program Advance Appropriations Act* (H.R. 4832/ S. 2424) to provide advanced appropriations for the Bureau of Indian Affairs, the Bureau of Indian Education, and the Indian Health Service.
