Tribal Leaders Recommend Increased Urban Indian Health Funding in Fiscal Year 2027 Area Reports

On January 22-23, 2025, IHS held their Area Report Presentations Webinar for Fiscal Year (FY) 2027 where Tribal leaders from all 12 IHS Areas and leaders from Native organizations, including NCUIH, presented on their budget requests. Tribal leaders spoke about the need to increase urban Indian health funding.

- **What is it?:** As part of the trust responsibility to provide health care to all American Indian and Alaska Native (AI/AN) people, Tribal Leaders present their funding needs each year to the Secretary of HHS and the Director of the Office of Management and Budget. The recommendations are formed through the Tribal Budget Formulation Work Group and serve as a framework for the Administration in setting budget amounts for their annual requests to Congress.
- **What are they saying?:** Several Areas featured the work of UIOs in their presentations and advocated for increased allocation of funding and resources for urban Indian health. Several Area Tribal Representatives highlighted the importance of funding the Urban Indian Health line item, with 8 of the 12 IHS Areas including funding for Urban areas either in their top priorities or as a Hot Topic issue.

For example, Debbie Danforth, Tribal Representative for the Bemidji Area stated that “Urban Indian health centers need critical funding increases to serve large American Indian populations in urban settings... currently, there is a need for FMAP support and expansion of funds for [urbans].”

Stephen Kutz, Cowlitz Tribal Council and Portland Area Representative also stated that there needs to be increased funding for the Urban Health Line item noting that UIOs are “the most underfunded part of our health care system and yet some of our neediest people are seeing those...the funding is not adequate to give them all the services they need.”

Alexandra Payan, NCUIH's Interim Director of Federal Relations, presented the top priorities for urban Indian health for FY 2027 during the Area Report Webinar:

- Full funding for UIOs with no cuts during sequestration
- 100% FMAP for UIOs
- Recruitment and retention of workforce
- Special Diabetes Program for Indians (SDPI) reauthorization
- Increased resources for: food/housing insecurity and Traditional Healing services

Next Steps: On February 11-12, 2025, IHS will host the FY 2027 National Tribal Budget Formulation Work Session. This is a 2-day annual meeting where the two tribal representatives from each Area come together to review and consolidate all the Area's Budget recommendations into a comprehensive set of national health priorities and budget recommendations.

Appropriations Update: Continuing Resolution and Budget Reconciliation

On December 21, 2024, a Continuing Resolution (CR) was passed which extends government funding from December 20, 2024, to March 14, 2025, including the Special Diabetes Program for Indians (SDPI) at \$39.3 million through March 31, 2025.

- **Read more on [NCUIH's blog](#).**

Reconciliation: Congressional leadership is prioritizing a single budget reconciliation bill anticipated for completion in early April. Key areas of focus:

- Border policy
- Tax reform
- Debt ceiling
- Medicaid and Supplemental Nutrition Assistance Program (SNAP) reforms

NCUIH is advocating for:

- Inclusion of the **Indian Health Service Professions Tax Fairness Act** to make IIHS scholarships and loan repayment program payments tax-exempt.
- Adding **Contract Support Costs** to the reconciliation package.

Medicaid and Safety-Net Program Updates

Proposed Medicaid Changes: House Republicans may propose \$2.3 trillion in cuts to offset tax cuts. Proposed Medicaid changes include:

- Medicaid work requirements: \$120 billion
- Per capita caps on state funding: \$918 billion
- Lower Federal Medical Assistance Percentage (FMAP) floor: \$387 billion
- Ending higher Medicaid reimbursements for “able-bodied” adults: \$690 billion

Safety-Net Programs at Risk:

Proposals include cuts to SNAP, Temporary Assistance for Needy Families (TANF), and elimination of the Social Services Block Grant.

Earmark Requests:

- Congressionally Directed Spending, or Earmarks, are an additional funding opportunity, where Members can advocate for programs and projects that are important to their state or district.
- If anyone is interested in applying for an Earmark for FY26 or would like more information, please reach out to Jeremy at jgrabiner@ncuih.org to schedule a meeting.

Legislative Updates: Key Bills on Child Welfare and Native Veterans Signed into Law

118TH CONGRESS
1ST SESSION

H. R. 663

AN ACT

to amend the Indian Child Protection and Family Violence
Prevention Act.

Native American Child Protection Act (H.R. 663)

Signed into law on December 23, 2024.

- **What is it?:** This bill would reauthorize and revise Programs to investigate and prosecute child abuse, child neglect, and family violence involving Native American children.
- **How does it impact UIOs?** The bill makes **UIOs eligible** for the Indian Child Abuse Treatment Grant Program, creates a National Indian Child Resource and Family Services Center (the Center) that will provide technical assistance and training to Tribes, Tribal organizations, **and UIOs**, and allows **UIO representatives** with expertise in child abuse and child neglect to sit on a 12-member Advisory Board to advise and assist the Center.

Elizabeth Dole Home Care Act of 2024 (S.141)

Signed into law on December 23, 2024.

- **What is it?:** The bill is a comprehensive package of bills that significantly expands and reforms the delivery of services at the U.S. Department of Veterans Affairs (VA) for veterans, service members, and their families.
- **How does it impact UIOs?** This legislation directs the VA to collaborate with the Director of the Indian Health Service (IHS) and representatives from Tribal health programs and UIOs to ensure the availability of home-and community-based services for AI/AN Veterans.

Lumbee Fairness Act (H.R. 1101)

On December 17, 2024, the Lumbee Fairness Act passed the House. It did not pass the Senate and was reintroduced in the House on January 16, 2025.

- **What's New?:** On January 23, 2025, President Trump signed a memorandum to the Secretary of the Interior to submit a plan to advance full federal recognition of the Lumbee Tribe of North Carolina.

IHS Publishes Final Notice on IHS Reorganization, Includes Information on Division of Urban Indian Affairs

Organization, Functions, and Delegations of Authority; Part G; Indian Health Service Headquarters, Office of the Director

A Notice by the Indian Health Service on 01/08/2025

PUBLISHED DOCUMENT: 2025-00183 (90 FR 1511)

DOCUMENT HEADINGS

Department of Health and Human Services
Indian Health Service

AGENCY:

Indian Health Service, Department of Health and Human Services.

ACTION:

Final notice.

SUMMARY:

Part G of the Statement of Organization, Functions, and Delegations of Authority of the Department of Health and Human Services (HHS) is hereby amended to reflect a reorganization of the Indian Health Service (IHS). The purpose of this reorganization is to revise the current approved structure for the IHS, Office of the Director, Intergovernmental Affairs functions in Chapter GA (GAA-GAC), as provided for herein.

On January 8, 2025, IHS published a [final notice in the Federal Register](#) detailing the reorganization of IHS Headquarters, including:

- Establishment of the **Office of Tribal and Urban Affairs** and the **Division of Urban Indian Affairs**.
- These changes were discussed during the November 13, 2024, Urban Confer.
- No feedback is being requested on this notice.

NCUIH Provides Key Recommendations on CDC Maternal Health and Tribal Maternal Mortality Review

On January 10, 2025, NCUIH submitted comments to the Centers for Disease Control and Prevention (CDC) regarding its Maternal Health and Tribal Maternal Mortality Review.

- **Go Deeper:** NCUIH recommended that the agency continue to engage in listening sessions on maternal health and Tribal maternal mortality review and continue to invite UIOs to these listening sessions to give UIOs the opportunity to share insights gained from providing services to their patient populations to support maternal health.

Upcoming Federal Agency Comment Opportunities:

February 8, 2025 – HHS Scientific Report of the 2025 Dietary Guidelines Advisory Committee (DGAC)

- **Overview:** On December 10, 2024, the 2025 DGAC released its Scientific Report. The Report discusses the importance of Traditional Foods for AI/AN people and states that more research is needed on the dietary patterns and preferences of AI/AN populations to address knowledge gaps regarding AI/AN diets. Read more on [NCUIH's blog](#).
- **Comment Deadline:** February 8, 2025. Follow the instructions for submitting comments at www.regulations.gov.

Monitoring the Bench: Kerr v. Planned Parenthood South Atlantic

Kerr v. Planned Parenthood South Atlantic

- **Issue:** Whether the Medicaid Act's any-qualified-provider provision unambiguously confers a private right upon a Medicaid beneficiary to choose a specific provider.
- **Relation to UIOs:** Could limit the providers Medicaid beneficiaries are able to see and change the definition of who a "qualified" provider is. If a provider is no longer considered "qualified," they would then be cut off from receiving Medicaid funding. While UIOs are unlikely to be removed as providers, it is important to track to see where SCOTUS stands on Medicaid issues.
- **Case Status:** Supreme Court granted certiorari to hear the case on December 18, 2024. No oral argument has been scheduled yet.

ICYMI: Recent Dear Tribal and Urban Leader Letters (DTLL/DULL)

December 20, 2024, DTLL - IHS Contract Support Costs (CSC) decision.

- The IHS Director writes to Tribal leaders to announce the Agency's decision on how the IHS will calculate Contract Support Costs (CSC) on expenditures of third-party reimbursements and provide next steps.
- IHS enclosed a [template](#) and [certification](#) form that will be used to estimate eligible CSC for anticipated expenditures of program income and will be immediately effective.
- Both the template and certification form will also be used in final reconciliations of the CSC incurred by Tribes and Tribal Organizations for the expenditure of program income.

One last thing, check out these upcoming funding opportunities:

The Health Resources and Services Administration (HRSA) is accepting applications for its Behavioral Health Workforce Development (BHWD) Technical Assistance Program.

- This program provides support to HRSA's BHWD recipients to expand the number of highly trained behavioral health providers nationwide. Eligible programs include the Behavioral Health Workforce Education and Training Program for Professionals, Behavioral Health Workforce Education and Training Program for Paraprofessionals, and the Graduate Psychology Education program. Funding is expected to be multi-year, with an estimated award date of September 1, 2025.
- **Application Deadline Date:** March 3, 2025 ([Apply](#)).

HRSA is accepting applications for its Behavioral Health Workforce Education and Training (BHWET) Program for Paraprofessionals

- The purpose of the BHWET Program for Paraprofessionals is to develop and expand community-based experiential training such as field placements and internships to increase the skills, knowledge and capacity of students preparing to become mental health workers, peer support specialists, and other behavioral health paraprofessionals.
- **Application Deadline Date:** March 18, 2025 ([Apply](#)).

The Substance Abuse and Mental Health Administration is accepting applications for its Circles of Care for American Indian/Alaska Natives Program.

- The purpose of this program is to provide AI/AN organizations with the resources to plan and design a family-driven, community-based, and culturally and linguistically competent system of care. Grant recipients are expected to organize a spectrum of community-based services and supports for AI/AN children who are experiencing or are at risk of mental health challenges.
- **Application Deadline Date:** March 17, 2025 ([Apply](#)).
