Contact your member of Congress today to ensure support for Tribal Programs in FY 2026 Appropriations!

As the House and Senate consider Fiscal Year (FY) 2026 appropriations, we recommend that our network submit a written letter and contact your Senators and Representatives to ask them to urge members of the Senate and House Appropriations Committees to protect and hold harmless all Tribal programs and programs that benefit Tribal Nations and citizens from FY 2026 appropriations reductions. This is especially important, given the deep reductions to Tribal programs proposed by the Administration through the President's Budget Request.
