Government Shutdown Ended, Government Funded through End of January

On November 12, Congress passed a spending package keeping FY 2025 funding through January 30, 2026.

- SDPI funded at \$53.15 million through January.
- Enhanced ACA subsidies were not extended.
- The Continuing Resolution (CR) reversed all Reduction In Force (RIF) actions taken since October 1 and prevents further RIFs during the CR period.

Section	Provision	Applicable to American Indians and Alaska Natives?
Section 71107	Eligibility Redeterminations	Does not apply to AI/ANs described in subsection (xx)(9)(A)(ii)(II)
Section 71119	Requirement for States to Establish Medicaid Community Engagement Requirements for Certain Individuals	Does not apply to AI/ANs described in subsection (xx)(9)(A)(ii)(II)
Section 71120	Modifying Cost Sharing Requirements for Certain Expansion Individuals under The Medicaid Program	Does not apply because existing cost sharing exemptions for certain American Indians and Alaska Natives are not changed by this section and still apply.

On November 18, the Centers for Medicare & Medicaid Services issued an informational bulletin clarifying how Medicaid and Children's Health Insurance Program provisions in the One Big Beautiful Bill Act apply to American Indians and Alaska Natives. The bulletin confirms that eligibility

redeterminations, Medicaid community engagement requirements, and modified cost-sharing provisions do not apply to eligible American Indian and Alaska Native individuals, including Urban Indians. Additional guidance issued on December 8 reiterates that American Indians and Alaska Natives are excluded from Medicaid work requirements.

Federal Hiring Freeze Ended — Oct. 15

- IHS is preparing staffing plans under the Continued Accountability in the Federal Government's Employment Executive Order.
- Vacancies will begin to be filled once the plan approved.

IHS Staffing Updates

1. Clayton Fulton now carries out duties of Acting IHS Director.
2. Benjamin Smith returns to Deputy Director.
3. Darrell LaRoche resumes Deputy Director for Management.
4. Dr. Rose Weahkee returns to Associate Deputy Director for Management Operations.

BADGES for Native Communities Act Update

- On December 12, 2025, the Bridging Agency Data Gaps and Ensuring Safety for Native Communities Act unanimously [passed the United States Senate](#) and now advances to the House of Representatives.
- The bipartisan legislation strengthens Tribal public safety, improves reporting on Missing or Murdered Indigenous Peoples, and establishes a grant program to support coordinated response efforts.
- Urban Indian Organizations are eligible entities under the grant program.

Reminder: One Big Beautiful Bill Act

Resource for Urban Indian Organizations

OVERVIEW OF THE ONE BIG BEAUTIFUL BILL ACT Provisions Impacting American Indian and Alaska Native People

- ▶ On July 4, 2025, the President signed the One Big Beautiful Bill Act (OBBBA) into law.
- ▶ The OBBBA is a major bill that delivers many elements of President Trump's legislative agenda, including new requirements for access to Medicaid and SNAP.
- ▶ **Fortunately, Indians, Urban Indians, California Indians, and individuals determined eligible as an Indian for the Indian Health Service under regulations promulgated by the Secretary are exempted from the Medicaid requirements in the OBBBA and included in exemptions for the Supplemental Nutrition Assistance Program (SNAP) work requirements.**

Community Engagement Requirements for Certain Medicaid Beneficiaries

What it Does: States are required to implement community engagement and work requirements for able-bodied adults without dependents beginning after December 31, 2026. Compliance may be achieved through working, volunteering, or participating in a work program for at least 80 hours/month; or enrolling in an educational program at least half-time.

AI/AN People Exempted: The bill exempts American Indian and Alaska Native beneficiaries from these requirements.¹

NCUIH has developed [a resource to help Urban Indian Organizations](#) understand Medicaid and Children's Health Insurance Program provisions under the One Big Beautiful Bill Act. The resource outlines which provisions apply to Urban Indian Organizations and clarifies protections and exemptions for American Indian and Alaska Native patients during state-level implementation.

UIO Input Request

NCUIH is continuing to engage with federal partners on several policy developments that may affect Urban Indian Organizations, including Indian Health Service (IHS) Realignment efforts and broader discussions related to care delivery and program administration.

To strengthen NCUIH's advocacy and ensure UIO perspectives are accurately reflected, **we invite UIOs to share feedback and experiences related to the following:**

- **IHS Realignment Participation:** Are you planning to attend any upcoming in-person consultations related to IHS Realignment?
- **Realignment Concerns:** Do you have concerns or considerations regarding the proposed IHS Realignment, particularly as it relates to UIO operations or service delivery?
- **Contract Centralization:** How might the proposed centralization of contracts at IHS Headquarters, rather than through Area Offices, impact your organization? Are there specific concerns you would like NCUIH to elevate?
- **Food is Medicine Programs:** Do any UIOs currently operate or plan to develop Food is Medicine programs specifically designed to support cancer patients?

Feedback shared will help inform NCUIH's ongoing policy engagement, written comments, and participation in consultations and advisory discussions.

How to respond: UIOs are encouraged to share feedback by emailing policy@ncuih.org.

Save the Date: 2026 NCUIH Annual Conference

Join us for our 2026 Annual Conference on April 27-30, 2026, at The Westin Downtown in Washington, D.C. The conference will bring together Urban Indian Organizations, health leaders, policymakers, and partners to share strategies, strengthen systems, and advance urban Indian health nationwide. Programming includes UIO board training, two full days of conference sessions, and a Hill Day for Urban Indian Organizations. NCUIH is also accepting session and poster proposals, with submissions due January 15, 2026.

One Last Thing — Check Out This Upcoming Funding Opportunity

Urban Indian Organizations can now apply for funding to support culturally grounded overdose prevention projects.

Applications are due January 16, 2026, with awards of up to \$45,000.

Our partners at Seven Directions and the National Network of Public Health Institutes are sharing

materials to help spread the word—please repost or use the linked graphics to share this opportunity with your community.

About NCUIH

The National Council of Urban Indian Health (NCUIH) is a national representative for the 41 Urban Indian Organizations contracting with the Indian Health Service under the *Indian Health Care Improvement Act*. NCUIH is devoted to the support and development of high quality and accessible health and public health services for American Indian and Alaska Native people living in urban areas.

NCUIH respects and supports Tribal sovereignty and the unique government-to-government relationship between our Tribal Nations and the United States. NCUIH works to support those federal laws, policies, and procedures that respect and uplift Tribal sovereignty and the government-to-government relationship.
