

AMERICAN INDIANS & ALASKA NATIVES IN THE UNITED STATES

5.6
MILLION

Population of American Indians and
Alaska Natives in US as of 2010.

>70%

URBAN INDIANS

Approximately 70% of all American
Indians and Alaska Natives (AI/ AN) live in
metropolitan/urban or suburban areas.

An **Urban Indian**, according to the Indian Health Care Improvement Act, is any individual who:

- A)** A member of a tribe, band, or other organized group of Indians, including those tribes, bands, or groups terminated since 1940 and those recognized now or in the future by the state in which they reside, or who is a descendant, in the first or second degree, of any such member.
- B)** An Eskimo or Aleut or other Alaska Native
- C)** Considered by the Secretary of the Interior to be an Indian for any purpose
- D)** Considered by the United States Secretary of Health and Human Services to be an Indian for purposes of eligibility for Indian health services, including as a California Indian, Eskimo, Aleut, or other Alaska Native.

Urban Indian Organization Funding (2018)

\$11,172

Average health care spending

\$4,078

Tribal and Indian Health

\$672

Urban Indian Organizations

The average health care spending in the United States is \$11,172 per person, however, Tribal and Indian Health Service (IHS) facilities receive only \$4,078 per American Indian/Alaska Native (AI/AN) patient from the IHS budget. Urban Indian Organizations (UIOs) receive just \$672 per AI/AN patient from the IHS budget. Resource: Spending Fact Sheet

Primary Care

- General medical care
- Diabetes care and prevention
- Health and wellness check-ups
- Vision and hearing screenings
- Immunizations
- Chronic disease care
- Women's health
- Urgent care

Traditional Medicine

- Sweat lodge ceremonies
- Men's, women's, and elder's talking circles
- Traditional medicine from traditional healers
- Prayer ceremonies
- Relationship gatherings

Services provided by UIOs

Behavioral Health Services

- Mental health counseling
